

## Quality Hotel NOAH'S On the Beach

ABN: 69 000 409 076  
Cnr Shortland Esplanade & Zaara Street  
Newcastle, NSW 2300  
Ph. (02) 4929 5181

NOAH'S Restoration works

Quality Hotel NOAH'S On the Beach will be undertaking restoration works throughout 2015. We are putting a new face on NOAH'S and by the end of 2015 we will have a fantastic exterior and brand new extended balconies to enable guests to better enjoy our spectacular views.

### ***How will this affect the SASP Delegates and their conference?***

#### **SASP Accommodation**

Your conference is being held in the preparatory period of our works. This is the time when the scaffold will be installed on the outside of the building prior to the restoration works being undertaken. Views may be impacted by open scaffold in some rooms. Any rooms impacted by the open scaffold will have their room rates reduced and SASP delegates will also receive an additional 10% discount.

There may be some noise impact between 9am and 5pm however we are anticipating this will be minimal.

#### **SASP Conference Room:**

Our Ballroom is located on the ground floor of the building and will not be impacted by the works. There will be no scaffold erected in front of the Ballroom where delegates will enjoy magnificent views of Newcastle Beach.

There may be some noise impact between 9am and 5pm however we are anticipating this will be minimal.
